

**INTUITIVE provides the following  
Quality & Reliability Support services:**

*INTUITIVE* provides experience in both military and commercial quality systems. *INTUITIVE* has experience establishing top-down deployment quality management systems in accordance with the requirements of ISO 9000 that are effective throughout the entire organization.

*INTUITIVE* supports full quality system development and quality engineering support for design activities, prototyping and lab activities, final verification/validation, transition to production, and production support.

- ISO Compliance Process
- Quality Management Systems (ISO 9001:2008 and TL 9000)
- Quality Manuals Development and Procedures Development
- Life Cycle Support of Hardware and Software
- Defect Tracking Systems
- Piece Part Screening
- ESS and ESD Programs
- Receiving Inspection
- Calibration and Metrology
- Testability Reviews: In-Circuit and Functional
- Manufacturability Reviews
- Production Line and Process Validations
- Cost of Quality
- Lean Manufacturing / Six Sigma
- Statistical Process Control
- Development and Rapid Prototyping

**CORE COMPETENCIES**

- *Systems Analysis and Integration*
- *Project and Technical Management*
- *Development and Rapid Prototyping*
- *Production Systems Support*
- *Quality and Reliability Support*
- *Simulation Analysis and Modeling*
- *Test Analysis and Support*
- *Technical Support*
